

# **Health Insurance Beyond Borders**

Always with You, Wherever You Are

# Cross-Border Health Insurance

Wherever you are, you may use online physician service from your location. Also, you will enjoy a private health insurance that offers coverage for emergencies, which may occur during your stay in Türkiye. When you choose to receive healthcare services in Türkiye, provided that you apply to the authorization center in advance, you may use a broad network of contracted healthcare institutions, specific to this product.

You may choose the most appropriate plan for your needs from Emergency Treatment Support, Inpatient Treatment Support and Inpatient + Outpatient Treatment Support plans and may provide coverage for you and your loved ones.

## What are the Advantages of Health Insurance Beyond Borders?

- With Sompo Health Insurance Beyond Borders, online physician service may be used worldwide in all plans.
- 24/7 Medical Consultancy Service (Online Chat) is available.
- Emergency Support Package is available to our clients between the ages of 0 and 80.
- An inpatient treatment coverage, limited to TRY 400,000 and if chosen, an outpatient treatment coverage, limited to TRY 40,000 are offered in Türkiye.
- In any plan you choose, you can benefit from check-up and dental treatment services from contracted institutions once a year without paying an additional premium.
